Kristi Buffington- Ex- Officio  
Savanna Bunnell- Staff Support

I. Call to order at 5:00
   A. Meeting was called to order

II. Approval of Minutes
   A. Clayton moved to approve the minutes from the September 24th meeting.  
      B. Jeff Cook Seconded.  
         i. All those in favor - 10  
         ii. Opposed - 0  
         iii. Abstained - 0

III. General Information
   A. The board did a brief round of re-introductions.  
   B. Sam informed the board that his presentation to the Council of Deans went well, and that the board should expect to see a lot of proposals this year, specifically out of the Warner College.  
   C. Steve suggested that Sam send an email out to each of the Dean’s introducing them to their student UFFAB representative. The board showed general consensus for this idea.  
   D. Sam addressed the issue of attendance to the board.  
      i. It is critical that board members attend all meetings so that they are well informed to make critical voting decisions.
ii. If board members are unable to attend a meeting, please contact Becca. Two *unexcused* absences will result in removal from the board.

IV. **Building success Presentation**
   A. Steve presented the Facilities Management “Building Success” presentation to the Board.
   B. Questions:
      i. Will acceptance to CSU become more difficult when the student body hits 35,000?
         A. There is potential that once the university reaches 35,000 students, programs will start re-evaluating admissions criteria.
      ii. How much parking will there be for clients at the new medical center?
         A. There will be around 200 spaces to service the Medical Center specifically. At this time, the university has not determined if the spots will require parking permits.
      iii. When will construction on the Prospect underpass begin?
         A. Construction on the Underpass will begin around spring break 2016.
      iv. What will happen to Hartshorn once the new medical center is in operation?
         A. There is still on-going discussion on what will happen to Hartshorn. Some parties are proponents of tearing it down to further the “Great Green” view of the intermural fields. Others think it would be beneficial to use it as repurposed space. It is yet to be determined.

V. **Biology Chemistry Ground Breaking Ceremony**
   A. The board is invited to attend the ground-breaking ceremony for the new Biology and Chemistry buildings on Thursday, October 15th at 1:00 PM. It is a great opportunity for UFFAB to be recognized. UFFAB contributed 57 million dollars for the Biology building. Sam will be giving a speech, and introducing President Frank.

VI. Next Meeting – **Thursday, October 22nd, 5:00-6:00 pm – Health and Exercise Science Addition**
