Allison Kuderka	Agricultural Sciences

### Members at Large

Kanayo Okolo	ASCSU
--------------	-------

### Other Members

Becca Mueller	Program Manager
Tom Satterly	Advisor

## 1. Computer Science Furniture Replacement – Heather Wolfe

- a. Furniture in lounge and common areas in need of replacement
  - i. Furniture in first floor lounge, second, and third floor common areas
  - ii. Has been in use since building was constructed ten years ago
  - iii. Common areas have much more academic use than the first-floor lounge
- b. Proposed new furniture chosen by looking at what is best from around campus
  - i. Using vinyl as opposed to the cloth
  - ii. Easier to clean and more durable—UV protection important with large windows
  - iii. Use of company that sustainably builds furniture
  - iv. Furniture comes with long-term warranty—hoping to last at least 15 years
  - v. No increase in total seating
- c. Replacement of lab chairs-Lab 110
  - i. Used for labs and tutoring
  - ii. Current chairs have similar wear and tear damage
- d. Building is often used by individuals visiting the university

- i. Undergrads from other universities, visiting students, visiting faculty
- e. Partial funding would be accepted, but not preferred
  - i. Student input important to determine which pieces would be funded
- f. Vote of Legitimacy- In Favor-10 Opposed-0, Project is legitimized

**2. Behavioral Sciences Building Furniture Revitalization – Ginger Lacy-Gill**

- a. BSB completed in 2010, furniture in use since then
  - i. Furniture is damaged and very dirty—side tables and chairs
  - ii. No good way to sanitize the furniture
- b. Building often used by students from all colleges, open to students 24 hours a day
  - i. 10 study rooms controlled by library, general assignment classrooms, open study areas
- c. Furniture is limited
  - i. Students often exceed number of seats available
- d. Prospective students are brought through BSB often
- e. New furniture-asking for 200 new pieces
  - i. More durable and easy to clean—vinyl material
  - ii. Fits more aesthetically with the building
  - iii. Working with same sustainable company as Computer Science
  - iv. Want to get something comfortable to work on and easy to move—more single chairs and less large couches
  - v. Make more seating available overall
- f. First floor is priority
  - i. Much more student use than other floors
- g. Vote of Legitimacy- In Favor-11 Opposed-0, Project is legitimized

**3. Letter from Dean Hayes of Warner College of Natural Resources**

- a. Thank you for funding the updates to the Sherwood Forest last year
