

The meeting was started at 5:05pm.

Presentations:

General Assignment Classroom Renovation:

Goal: Renovate 8 different classrooms and a study area to make these spaces up to CSU standards and improve the student experience.

The presenters identified nine different spaces on campus that are in need of renovation. These include Eddy 13, Eddy 105B, Eddy 236, Weber 202, AZ W205, Microbiology A116, Rockwell 165, Rockwell 167, and Rockwell 170. Some of the updates include new furniture, meeting accessibility standards, and creating functional spaces.

Physics Undergraduate Majors' Space Remodel:

Goal: Remodel the Physics Undergraduate Student space to give students a better experience.

The presenter outlined a plan to renovate the current undergraduate student space. The current space is outdated and 'lived in'. The department wants to encourage wider usage of the space by improving aesthetics, providing accessibility, and updating technology.

Atmospheric Science Room Renovations:

Goal: Renovate old library rooms into collaborative spaces and student offices for student use. Also, renovate restrooms and add a water fountain.

The presenters outlined that the current facilities for their graduate students in the Department of Atmospheric Sciences are severely lacking and old. The renovation includes hallway, restroom, and office renovations.

Vote of Legitimacy:

General Assignment Classroom Renovation: 9 in favor, 0 against, 0 abstentions - **passes**

Physics Undergraduate Majors' Space Remodel: 9 in favor, 0 against, 0 abstentions - **passes**

Atmospheric Science Room Renovations: 9 in favor, 0 against, 0 abstentions - **passes**
