Evan Gerard	College of Engineering Associate Member Associate Member
	College of Health and Human Sciences Associate Member
Stephen Laffey	Member at Large
Jessica Laffey	College of Liberal Arts Associate Member
Leo	
Angel	College of Natural Sciences
Ian Brannock	CVMBS Associate Member
Harley	Graduate School
Haleigh Yankoski	Warner College of Natural Resources
Kelli Chizmadia	
Karin Rees	Advisor
Mike Shortall	Advisor
Darrel	

The meeting was started at 5:01 pm.

Presentations:

Foothills Campus Water Fountains:

Goal: Install 5 new water fountains so students have access to clean and hygienic water.

The presenter discussed the need for new water fountains to emulate what we see on CSU Main Campus. Current sinks and water fountains do not meet ADA requirements and do not give a large benefit to students. This project will benefit about 400 students every year.

GEAR Gaming Lab:

Goal: Create a place on campus where students can game together.

The presenter said that there is not currently a central place for students to come together and game. There is a location in Johnson Hall that could be renovated into a computer and virtual reality area.

Art Student Collaboration and Community Hub :

Goal: Create a space where art students can collaborate.

The presenter discussed that there is not currently a place where art students can come together. They would like to take a courtyard and add a roof, tables, and amenities.

Woodshop Ventilation Replacement Overage:

Goal: Install a machine that will pull the dust from the air in the woodshop laboratory

It was presented that there is currently a lot of dust in the air during classes and labs which is causing possible trouble breathing for students. The new model would do a better job of removing dust and remove the safety concern for students.

Vote of Legitimacy:

Foothills Campus Water Fountains: 11 in favor, 0 against, 0 abstentions - **passes**

GEAR Gaming Lab: 10 in favor, 0 against, 0 abstentions - **passes**

Art Student Collaboration and Community Hub: 9 in favor, 0 against, 0 abstention – **passes**

Woodshop Ventilation Replacement Overage: 9 in favor, 0 against, 0 abstentions - **passes**

Meeting Adjourned 6:49 pm
