The meeting started at **5:01 p.m.**

We started by giving introductions of the board members and advisors. We then proceeded to provide an overview of UFFAB and the rest of the meetings/expectations for this and next semester. We then heard ideas from our advisor about ideas to add to make projects legitimate. Next, the VP of Operations came and presented Glover and the BDC buildings. We then moved into a discussion about matching the funds to match the donation of Glover. We then created and voted on sending out the email to pledge money to Glover.

The meeting was adjourned at **6:01 p.m.**
